Cold Wars (Star Trek New Frontier: Gateways, Book 6) Peter David

Scattered throughout the galaxy are Gateways which link star systems across unfathomable distances. The technology that built them has been lost for tens of millennia...but that doesn't mean that it can't be found again. Missing for two hundred millennia, the legendary Iconians have returned, bringing with them the secret of interdimensional teleportation across vast interstellar distances. Awakened once more, their ancient Gateways are rewriting the map of the galaxy, and nowhere more than in the New Frontier...A century ago, the imperial Thallonians separated two feuding alien races, depositing each of them on a new world safely distant from that of their ancestral enemies. Now, however, the Gateways have made it possible for the long dormant blood feud to begin anew. Captain Mackenzie Calhoun of the U.S.S. Excalibur and his partner, Captain Elizabeth Shelby of the U.S.S. Trident, find themselves fighting a losing battle to keep the horrific violence from escalating, even as they gradually realise the catastrophic danger posed by the Gateways themselves!
