Michael Eckert

Arnold Sommerfeld: Science, Life and Turbulent Times 1868-1951 Michael Eckert

The subject of the book is a biography of the theoretical physicist Arnold Sommerfeld (1868-1951). Although Sommerfeld is famous as a quantum theorist for the elaboration of the semi-classical atomic theory (Bohr-Sommerfeld model, Sommerfeld's fine-structure constant), his role in the history of modern physics is not confined to atoms and quanta. Sommerfeld left his mark in the history of mathematics, fluid mechanics, a number of physical subdisciplines and, in particular, as founder of a most productive "school" (Peter Debye, Wolfgang Pauli, Werner Heisenberg, Linus Pauling and Hans Bethe were his pupils, to name only the Nobel laureates among them). This biography is to a large extent based on primary source material (correspondence, diaries, unpublished manuscripts). It should be of particular interest to students who are keen to know more about the historical roots of modern science. Sommerfeld lived through turbulent times of German history (Wilhelminian Empire, Weimar Republic, Nazi period). His life, therefore, illustrates how science and scientists perform in changing social environments. From this perspective, the biography should also attract readers with a general interest in the history of science and technology.

From reader reviews:

Ronald Moffatt:

Here thing why this Arnold Sommerfeld: Science, Life and Turbulent Times 1868-1951 are different and reliable to be yours. First of all examining a book is good nonetheless it depends in the content from it which is the content is as scrumptious as food or not. Arnold Sommerfeld: Science, Life and Turbulent Times 1868-1951 giving you information deeper including different ways, you can find any guide out there but there is no reserve that similar with Arnold Sommerfeld: Science, Life and Turbulent Times 1868-1951. It gives you thrill reading journey, its open up your own eyes about the thing which happened in the world which is possibly can be happened around you. You can bring everywhere like in playground, café, or even in your approach home by train. When you are having difficulties in bringing the imprinted book maybe the form of Arnold Sommerfeld: Science, Life and Turbulent Times 1868-1951 in e-book can be your option.

Nicol Thomas:

Information is provisions for people to get better life, information these days can get by anyone from everywhere. The information can be a expertise or any news even a huge concern. What people must be consider if those information which is within the former life are difficult to be find than now is taking seriously which one works to believe or which one the particular resource are convinced. If you receive the unstable resource then you understand it as your main information you will see huge disadvantage for you. All of those possibilities will not happen inside you if you take Arnold Sommerfeld: Science, Life and Turbulent Times 1868-1951 as the daily resource information.

Anna Humphrey:

The book with title Arnold Sommerfeld: Science, Life and Turbulent Times 1868-1951 contains a lot of information that you can understand it. You can get a lot of help after read this book. This book exist new expertise the information that exist in this book represented the condition of the world today. That is important to yo7u to know how the improvement of the world. This particular book will bring you inside new era of the the positive effect. You can read the e-book on your own smart phone, so you can read the idea anywhere you want.

Charles Gray:

This Arnold Sommerfeld: Science, Life and Turbulent Times 1868-1951 is great e-book for you because the content which can be full of information for you who all always deal with world and possess to make decision every minute. This particular book reveal it information accurately using great organize word or we can say no rambling sentences inside it. So if you are read that hurriedly you can have whole information in it. Doesn't mean it only will give you straight forward sentences but hard core information with splendid delivering sentences. Having Arnold Sommerfeld: Science, Life and Turbulent Times 1868-1951 in your hand like getting the world in your arm, data in it is not ridiculous a single. We can say that no e-book that

offer you world throughout ten or fifteen tiny right but this book already do that. So , this is good reading book. Heya Mr. and Mrs. stressful do you still doubt in which?
