A More Attractive Law of Attraction (The Deepening: The Art of Unconditional Love Book 4) Marcus T Anthony

The secret behind the secret

Mystic and spiritual entrepreneur Marcus T Anthony investigated the Law of Attraction via two decades of intense personal exploration.

What did he discover?

He learned that while the Law of Attraction contains some essential truths, it does not accurately portray the idea of creating your life through spiritual principles. The author conveys what he learned through often painful trial and error. This ground-breaking understanding has now been combined into a simple process called Gentle Aligned Action, which is a joyful path to finding your bliss and living your dreams.

In A More Attractive Law of Attraction you will

- Learn how to tap into your natural spiritual intelligence to create the life you were meant to live;
- Learn how you can avoid ego falls – painful life corrections which stem from false spiritual teachings such as those found in so many new age books;
- Be shown the 10 Deepening Tools, practical processes which will allow you to tap into your highest wisdom;
- Learn how to bring your mind into a state of profound stillness where you can access your highest wisdom;
- Be shown how to distinguish between the voice of ego and the voice of Spirit;
- Learn how to align your conscious intention with the greater intelligence of the universe.

Gentle Aligned Action is a worldly philosophy which acknowledges the truths within the idea of the law of attraction, but diverges in several important respects. Marcus T Anthony states why this is a far preferable way of living a spiritually fulfilling life than those provided in such philosophies as outlined in *The Secret*. It is also a lot more honest.

If you have ever wanted to embark upon a modern spiritual journey of enlightenment but have been

disappointed by what you have read in some other spiritual self-help books... now there is a A More Attractive Law of Attraction waiting for you.

Marcus T Anthony writes

"I am trying to save you much pain and suffering in having to learn yourself. It is simply this. When you go out into the world to create your life using spiritual principles and the Law of Attraction, market, culture and human habit are forces with which you will have to contend. You cannot bend the forces of human habit and nature simply by your focussed intention. Period... The Law of Attraction cannot shift systems that are already in place out there in the physical world. It doesn't transcend the market place. Nor are the laws of physics going to bend to accommodate your will... Save yourself the pain and suffering, and divert your creative energies into domains where they have a strong possibility of being received, of being successful... Use your God-given intuition as you go about co-creating your life with the universe. Let me show you how."
