Learn How to Help Your Child Obtain an Early Start on Their Development and Education.

Do you want to help your child develop as best they can?

Montessori is a great educational method that allows you to work with your child to help them learn and develop at the proper rate. It recognizes that all children are going to be different and that they will learn using their basic skills, talents, and personalities. While some children may be faster with motor skills and others are better at vocabulary, this is fine. With the Montessori Method, you can work on all of the strengths and weaknesses that your child has to make a lesson plan that really works for them.

This guidebook contains 11 fun activities that you can do with your infant or toddler – at home- to ensure they are learning to their full potential. These activities are meant to help your child to learn something new and exciting, but with this age group, the activities are meant to be more fun than anything else. It is never too early to learn something new with the Montessori Method.
