***What is this book about, and how does it apply to me?***

.  
What is this book about, and how does it apply to me? This book is about why the Black high school dropout rate is so high, why Black people have a problem buying from each other and supporting each others' businesses, why the judicial system which includes so many prisons, jails and penitentiaries are packed with so many Black males and females relentlessly and agonizingly suffering under the yoke of incarceration, and why so many Black people don't trust each other, why of us have bad health and are afraid to go to the doctor, it is about why Black leadership appears to be so sneaky and untrustworthy, and for many, it is about why we seem to never be able to make enough money!

.  
In short, you name the Black dysfunction and that is what this book is about!

.  
It is due to the premeditated MiseduKKKation of the Afrikan! It is due to an edukkkational system which was created with the intentions of stripping Afrikans of our spiritual, cultural and historical identities, to steal the humanity and humanness of Afrikans, dehumanizing us, to recreate Afrikans as creatures called niggers. This new process of creating niggers has now been classified as a field of study, within their xenophobic edukkkational system which is known as, "*Niggerology*," or the study of niggers.

.  
Niggerology is that part of the xenophobes' system of misedukkkation, which specifically deals with the incorrect, non-healthy, spiritually draining information that is given to Black people every day, in the form of edukkkation, politics, finance, and in religion. This book is written on the principles and premise of, "*When you know better, you will do better!*"

.  
I and the original Afrikans know the Deity as Neter, and is in fact nature itself. When you begin to reverse the psychological brainwashing process, initiated and instigated by the xenophobic invaders thousands of years ago; you come to the realization that there is no God or Jesus, only Neter. Both God and Jesus are the inventions of xenophobic racists' imaginations. Until we can get those ideas out of our psyches we will be forever trapped.

.  
Are Afrikans ever going to begin the process of reversing and undoing those counterfeit concepts, in the minds of our people, which have been deliberately put into our minds, by erroneous religious teachings, false doctrines, and disadvantageous religious agendas, which have been purposely created, to place and to keep Afrikans in those destructive and dysfunctional situations, which make sure Afrikans remain in roles and positions of inferiority in regards to White supremacy? When will we open our minds and challenge Asiatic deceptions and Caucasian appointed Black leaders?

.  
It is neither my mission nor my intention to make you believe anything. My objective is to provide you with information you may never be exposed to, and let you, make informed decisions based on historical facts.
