This trilogy on the Porsche 918 Spyder is like the car itself - passionate, focused, spectacular. The total of three motors in this super sports car - which is still the only production vehicle to have driven the Nürburgring Nordschleife in less than seven minutes - represent a whole new dimension of driving. Similarly, the three corresponding books on this high-tech vehicle deliver a whole new reading experience. There is the 'picture book' filled with opulent images from all the development phases of the 918 Spyder; the 'story book' that tells the thrilling tale of this car, which marks one of the decisive turning points in Porsche history; and, finally, there is the 'fact book' with all the relevant facts and figures on the 918 Spyder.
