When Jack and Sarah are called in to investigate mysterious pranks at an exclusive girls' private school, it seems at first that it might be the work of a few mean pupils with a grudge. But things quickly turn serious when a popular teacher meets a sudden, violent death. Now, with murder in the air, Jack and Sarah have their own lessons to learn about the Cherringham Girls School, its dark secrets ... and who wanted that teacher dead before they learned the truth.

-- Cherringham is a serial novel à la Charles Dickens, with a new mystery thriller released each month. Set in the sleepy English village of Cherringham, the detective series brings together an unlikely sleuthing duo: English web designer Sarah and American ex-cop Jack. Thrilling and deadly - but with a spot of tea - it's like Rosamunde Pilcher meets Inspector Barnaby. Each of the self-contained episodes is a quick read for the morning commute, while waiting for the doctor, or when curling up with a hot cuppa.

-- For fans of Agatha Christie's Miss Marple series, Lilian Jackson Braun's The Cat Who series, Caroline Graham's Midsomer Murders, and the American TV series Murder She Wrote, starring Angela Lansbury.

-- Co-authors Neil Richards (based in the UK) and Matthew Costello (based in the US), are known for their script work on major computer games. The Cherringham crime series is their first fictional transatlantic collaboration.
