**Beware and Warning!**

This book is different from other books.

You and YOU ALONE are in charge of what happens in this story.

There are dangers, choices, adventures, and consequences. YOU must use all of your numerous talents and much of your enormous intelligence. The wrong decision could end in disaster - even death. But, don't despair. At any time, YOU can go back and make another choice, alter the path of your story, and change its result.

'You're about to join an elite team of firefighters!' Brouillard hollers over the engine. Your stomach feels like it's no longer a part of your body; you can almost hear your heart beating. Something inside you, a premonition perhaps, tells you not to jump. It's only natural to have second thoughts, you realize. You look down again. Can you go through with it? Did your training ready you for solitary treks through wilderness even the rangers never venture through? These fires are unpredictable - you might even suspect arsonists are afoot in these beautiful forests.
