**The One Best System: A History of American Urban Education (Chinese Edition)** [mei ]dai wei ·B·tai ya ke

The One Best System is a major new interpretation of what actually happened in the development of one of America's most influential institutions. At the same time it is a narrative in which the participants themselves speak out: farm children and factory workers, frontier teachers and city superintendents, black parents and elite reformers. And it encompasses both the achievements and the failures of the system: the successful assimilation of immigrants, racism and class bias; the opportunities offered to some, the injustices perpetuated for others.
