## Photography: The Ultimate Advanced Guide to Capturing Unique Professional Photographs (Photography, photography books, photography for beginners) Ruth Cox

This book is the ultimate advanced guide to capturing unique professional photographs. It is structured into two main parts. The first half helps you really understand the way your camera works and how images are produced. The second half helps you put this knowledge into good use by showing you how to capture unique images of a wide-range of subjects.

### Here is what you will learn after reading this book:

- Be familiar with the Three Pillars of Photography
- Understand the process behind exposure
- Know the six correct exposures for every image
- Be able to make the switch from automatic to manual setting and go from average to photography to truly unique images
- Know how to photograph people in street scenes and formal portraits
- Be prepared to tackle both urban and rural landscapes, and even difficult subjects like moving water
