## **Launching the Imagination: A Guide to Three-Dimensional Design** Mary Stewart

*Launching the Imagination* treats design as both a verb and a noun—as both a process and a product. Design is deliberate—a process of exploring multiple solutions and choosing the most promising option. Through an immersion in 2-D, 3-D, and 4-D concepts, students are encouraged to develop methods of thinking visually that will serve them throughout their studies and careers.
