**Assessment and Reclamation of Contaminated Land** R. E. Hester, R. M. Harrison

Contaminated land and the methods and legal controls governing its reclamation, for subsequent development and use, are of great concern. *Assessment and reclamation of contaminated land* provides a comprehensive collection of articles that cover a wide range of issues and a detailed overview of the current state of the science of contaminated land.

The opening chapter of this book summarises the origins and extent of the contaminated land problem and reviews some of the latest scientific developments that are underpinning effective contaminated land management.
