Commerce of the Prairies (American Exploration and Travel Series) Josiah Gregg

Written as a scrupulously accurate guidebook to the prairies and as an authoritative account of the early Santa Fe trade, *Commerce of the Prairies* has been a favorite of historians, ethnologists, naturalists, and collectors of Western Americana for generations. But Gregg's masterpiece is not for specialists alone: its vivid descriptions of desert mirages, wagon caravans, Indian alarms and attacks, buffalo hunts, and other early Western phenomena will delight all who wish to know the country as it was before the great herds of buffalo were slaughtered and the roving Indians confined to reservations, before the landscape was transformed by barbed wire, domestic cattle, plowed fields, and modern highways.

Josiah Gregg, a man of rare sensitivity and passionate science interest, joined a caravan of traders bound for Santa Fé in 1831 and almost immediately developed a fascination for the adventure-packed life of Santa Fé trader. And during the ten years that he engaged in the San Fé trade, Gregg took copious notes on the life and landscape of the American prairies and the Mexican plateau, later utilizing them in *Commerce of the Prairies*.

This new edition faithfully follows the rare first edition, to and including the maps and illustrations. It will be welcomed both by readers familiar with the importance and interest of Gregg's work and by readers who have yet to discover its attraction.
