Spiritual Practice, Occultism, and Extraterrestrial Intelligence: A Travel Guide for Beyond the Rainbow Judy Kennedy

Spiritual Practice, Occultism, and Extraterrestrial Intelligence is a magical yet practical journey into multidimensional reality that is deeply refreshing and revealing. Venturing "beyond the rainbow" in the tradition of the wizard's Dorothy and other heroes, we discover a great secret about the esoteric mystery schools veiled by the world's spiritual traditions. Disinformation regarding occultism is dispelled uncovering an engaged spirituality that is essential for the Path. Principles and techniques for practical application are emphasized in a cosmological context. We discover the impact of our extraterrestrial ancestors on history and the evolution of the mystery schools. We bravely encounter the inner and outer obstacles on the Path and reveal their true origins and purpose. We arm ourselves for the rest of the journey by exploring the physiology of awareness so that we can take back the power that rightly belongs to us. For this we are given a vital key -- one that will strengthen our ability to communicate with all beings and therefore enable us to better understand ourselves, others, and the nature of the universe. Finally, we experience the true meaning of the phrase, "There's no place like home."

"As *The White Goddess* by Robert Graves was the ultimate research book for the 20th century, Judy has created the current best equal for the new millennium." -- Mark Roberts, author/director of the Stargate Group

"It is indeed wide-ranging!" -- Zecharia Sitchin, distinguished scholar and author of *The Earth Chronicles* series

"...Reminiscent of the seminal *Up from Eden* by Ken Wilbur and *In the Dark Places of Wisdom* by Peter Kingsley." -- Sheila Richardson, editor/former publisher, IBM Press

"...fascinating... will shape the way you think or challenge the way you view life. The author knows her stuff, and knows it exemplary well!" -- Malcolm Robinson, author/publisher/founder of Strange Phenomena Investigations
