African Americans at War puts a human face on this neglected area of history. From pre-Revolutionary fighting against the French to cutting-edge combat against Saddam Hussein, these A-Z volumes underscore significant military contributions from African Americans. The two volumes provide comprehensive coverage of aspects including important historical figures; key battles, legislation, and rulings; honors awarded; regiments, formations, and squadrons; and significant places. Individuals portrayed include celebrated Revolutionary hero Crispus Attucks and Lieutenant Vernon J. Baker, who led his platoon in a near suicidal attack on German positions in 1945. Often marginalized in support functions and frequently given suicidal missions, African Americans have served with distinction and honor in all U.S. conflicts. Their stories, endeavors, and bravery are now chronicled in one accessible resource. This set investigates each war, the interwar years, integration periods, and acceptance of African American men and women on the military team. This is a fascinating compendium spanning all U.S. history.
