**At the Earth's Core** Edgar Rice Burroughs

**Edgar Rice Burroughs (September 1, 1875 – March 19, 1950) has obtained lasting fame for his works about the jungle hero Tarzan, and also for the heroic Mars adventurer John Carter, but he was a voluminous writer who also wrote in many other genres as well.** Burroughs famously got started out of disdain for others' writings, noting that "if people were paid for writing rot such as I read in some of those magazines, that I could write stories just as rotten. As a matter of fact, although I had never written a story, I knew absolutely that I could write stories just as entertaining and probably a whole lot more so than any I chanced to read in those magazines."
