World famous explorer and adventurer Lana Kruft has to admit it: she's getting old. She hasn't gone out into the field in years, spending most of her time at museum benefits and giving lectures. She's decided to go for one last adventure, one last discovery. One that won't be for the museum, but for herself. The Fountain of Youth.

But what kind of effect will such magic have on her? Is there more to the Fountain's rejuvenating properties than even she knows? Lana's too excited by her rapidly transforming body to care, to stop, to follow the plan. She's young again. Tan. Blonde. Busty. Giggling. Hey, this isn't her ex-boyfriend's condo, is it? What a weird swimming pool. What a pretty place!

What big men, standing there, watching her. She's in the mood to explore something more than old boring legends.
