For Killian Marsden, werewolf romance is overrated. After all, he should know, since he's a half-werewolf and an editor for a romance-publishing house. He's tired of reading mate bond fairytales, because real life doesn't work that way. In the real world, Alphas abandon their half-breed children. Not that Killian's jaded or anything. Simply realistic. So when werewolf Alpha Brett comes knocking, demanding explanations on a rejected manuscript, Killian reels away, or at least tries to.

Brett is a walking, talking Alpha cliché: big, possessive, and growly. His last name is Wolfe, for crying out loud. But Brett is also trustworthy, devoted to his pack, and a little silly when in love. Soon, Killian discovers that maybe, just maybe, he might love Brett in return.

Unfortunately, Killian is not the only one who wants to claim Brett. He will have to set aside his beliefs about mate bonds and deadbeats if he wants his own happily ever after werewolf romance.
