Grant and Sherman: The Friendship That Won the Civil War

Charles Bracelen Flood

Grant and Sherman: The Friendship That Won the Civil War Charles Bracelen Flood

They were both prewar failures—Grant, forced to resign from the Regular Army because of his drinking, and Sherman, holding four different jobs, including a much-loved position at a southern military academy—in the years before the firing on Fort Sumter. They began their unique collaboration ten months into the war, at the Battle of Shiloh, each carefully taking the other's measure. They shared the demands of family life and the heartache of personal tragedy. They shared similar philosophies of battle, employed similar strategies and tactics, and remained in close, virtually daily communication throughout the conflict. They were incontestably two of the Civil War's most important figures, and the deep, abiding friendship they shared made the Union's ultimate victory possible.

Poignant, riveting, and elegantly written, *Grant and Sherman* is a remarkable portrait of two extraordinary men and a singular friendship, forged on the battlefield, that would change the course of history.
