A Brilliant Memory, Improved Brain Power, Accelerated Learning and Studying Skills.

Do you have difficulty memorising and learning speedily?

But you, like others, would be so successful with a really powerful memory. Consider how advantageous it would be for you to memorize and recall text-books and technical or business details easily, and to remember names and faces faultlessly.

Or to be able to study and learn really quickly and effectively with full concentration?

Memory and Fast Learning Expert Peter Oakfield tells you how

This book written by memory and fast learning expert Peter Oakfield shows you with clear step-by-step instructions how to develop all the above and many other valuable brain skills.

Follow the proven methods and you will achieve much more efficient and faster learning and memorizing whatever subject you study. You will also enjoy a serious mental advantage, as well as personal and social

advantages, helping you to achieve so much more.

You will learn how to improve your brain power, how to study, how to power memorize, how to improve your concentration, how to develop effective learning skills and studying skills; how to speed read and achieve accelerated learning of any subject.

Guided by this book you will discover that you really can develop abilities far greater than you have ever realized and that you can learn quickly and efficiently whatever subject you have to master.

Learn How You Can Become a 100% Brain User instead of a 10%.

Untrained people fail in their attempts to memorize and learn swiftly simply because they do not know how to use their brain and in particular their memory correctly; so they only use 10% and not 100% of their potential.

But with training anyone can develop the right methods: and it is evident that all of us have an inborn capacity and can substantially improve brain and memory powers. Also the training of the brain and memory produces a staggering increase in ability within a very short time.

The situation may be compared with learning to swim. Those who do not know the correct strokes, thrash around in the water unhappily, not going very far. On the other hand the trained swimmer will glide through the water, seeming hardly to put in any effort at all. What matters with mental skills as with swimming is to know how to do it correctly and then to have the necessary practice and experience in using the techniques so that they become second nature.

These are some of the many abilities that you will develop:

- How to develop an amazing memory
- How to memorize lengthy lists of items
- How to memorise and remember anything
- How to memorize books and technical materials
- Fast learning and studying techniques
- How to memorize shuffled packs of playing cards, long numbers, telephone numbers
- How to memorize texts word for word
- How to develop powerful concentration
- How to memorize peoples faces and names
- How to memorize foreign language vocabulary

Plus: 2 Valuable Bonus Guides:

1. How to Speed Read

2. Memory Magic, "Telepathy", Clever Illusions & Card Tricks using your new memory skills
