Women and the Israeli Occupation: The Politics of Change (Routledge International Studies of Women and Place) Tamar Mayer

The state of Israel and the Palestinian nation are at a monumental juncture in their histories. Both have a chance to claim a new future but more than a quarter of a century of occupation has had significant social, political, economic, cultural, psychological and moral ramifications for Israeli and Palestinian men and women.

Women and the Israeli Occupation analyses the impact of the occupier/occupied dichotomy on the lives of Palestinian, Israeli Palestinian, and Israeli Jewish women. The book argues that the Occupation has exposed internal conflicts, challenging social structures within all three societies, but has also reinforced existing loyalties as Palestinian and Jewish women have moved into public political action and worked together to end the Occupation. It suggests that although military occupation is not colonialism, there are many similarities in the Israeli/Palestinian case.
